

DETOUR NOTICE

New Castle Water Transmission Main Improvements

As construction continues from the intersection of Main Street and Cranfield Street to the intersection of Main Street and Atkinson Street, a one-way westbound detour will be in place off Main Street (Route 1B) via Atkinson Street, Piscataqua Street and Cranfield Street. The detour is anticipated to begin towards the end of the week of July 27, 2020. The Contractor estimates the detour will be in place for approximately 3 weeks. Please note on-street parking will not be allowed on Atkinson Street, Piscataqua Street and Cranfield Street between the hours of 7:00 AM and 6:00 PM Monday through Friday, while the detour is in place. Flaggers or Police Officers will help eastbound traffic pass through, and westbound traffic around, the work zone. Thank you for your continuing patience during construction.

Detour Details

- Eastbound traffic (towards New Castle) will proceed along Route 1B through the construction zone and westbound traffic (towards Portsmouth) will proceed around the construction zone via Atkinson Street, Piscataqua Street and Cranfield Street. During construction, Route 1B will be closed to westbound traffic from the intersection of Main Street and Atkinson Street to the intersection of Main Street and Cranfield Street except for large trucks and emergency vehicles.
- Flaggers will be stationed at both ends of the construction zone and with the construction crew to help you pass either through the detour or along Route 1B. If you are heading westbound from Town to your home within the construction zone on Route 1B, you must follow the Atkinson Street / Piscataqua Street / Cranfield Street detour to Route 1B, make a left on Route 1B, and continue eastbound to your home. For reasons of safety for the traveling public (including pedestrians, cyclists and runners) and the construction crews, you will not be allowed to travel west bound on Route 1B through the Construction Zone.
- If you are heading eastbound from Portsmouth to your home on Atkinson Street, Piscataqua Street or Cranfield Street, you must continue traveling through the construction zone on Route 1B and take the detour to your home. Travel along Atkinson Street, Piscataqua Street and Cranfield Street in the opposite direction of the one-way detour will not be allowed.
- Two-lane traffic patterns on Route 1B will resume at night and on the weekends.

See Reverse for detour diagram.
