

DAFFODIL 400 BLOOM
April 2023

In 2020, the Great Island Garden Club began a 3-year project to celebrate New Castle's 400th anniversary. Nearly 8,000 daffodil bulbs were planted by residents in their gardens and planted by club members at Great Island Common, Town Landing/Coast Guard Station, causeway boat, fire & police stations, and Library/Recreation Center.

Daffodils signify rebirth and new beginnings, thus honoring our last 400 years and looking ahead to the next 400. Plan to visit New Castle in mid-late April 2023 to see thousands of bright yellow, white, and orange daffodils in bloom. www.greatislandgardenclub.org
