Re: NHDES File #2017-00487 - New Castle - Lavenger Creek
Re: Wetlands Council Docket No. 18-03 WtC - New Castle Conservation Commission Appeal

Dear Ms. Clough and Interested Parties:

Pursuant to RSA 482-A:8, and based on the substantial public interest expressed during a public comment period, the New Hampshire Department of Environmental Services (NHDES) Wetlands Bureau provides notice of a Public Hearing to receive additional public input on the above-referenced wetlands permit application for the installation of a seasonal docking structure for recreational purposes on the Piscataqua River Back Channel in the Town of New Castle.

The NHDES Wetlands Bureau will hold a public hearing, under the authority of RSA 482-A, on NHDES' approval of Marion Clough's proposed application for work on property located on 95 Mainmast Circle in New Castle, Tax Map #9, Lot #23 (NHDES File # 2017-00487), appealed to the Wetlands Council (Council Docket No.18-03 WtC), and remanded to NHDES Wetlands Bureau for additional public comment.

The NHDES Wetlands Bureau will accept public comments regarding the proposed docking facility on the Piscataqua River Back Channel at Lavenger Creek.

The public hearing will be conducted at the New Hampshire Department of Environmental Services offices at the Pease International Tradeport, 222 International Drive, Suite 175, Portsmouth, NH on Thursday, June 27, 2019, from 3:00 pm to 6:00 pm. This public hearing will be digitally recorded and all materials presented at the hearing will remain with the file.

Plans are on file at the NHDES Wetlands Bureau office, 29 Hazen Drive, Concord, NH; and, may be examined by any interested party during business hours from 8:00 am to 4:00 pm. The Wetlands Bureau will accept written statements regarding this matter prior to the hearing.

Sincerely,

Collis G. Adams, CWS, CPESC
Wetlands Bureau Administrator
Land Resources Management
